Mistry Engineering Works Pvt. Ltd.

Technical catalogue

A trusted name in customized precision metal manufacturing since 1967 in Goregaon, Mumbai. Specializes in customized mechanical work to client drawings and specifications for domestic and international clients. In-house operations include drilling, threading, centre-less grinding, CNC machining and VMC machining.

Precision Turned Components	Custom turned metal components manufactured to client drawings and specifications.
Brass Components	Customized brass components produced to drawing for industrial applications.
CNC Components	CNC and VMC machined precision components built for consistent, repeatable quality.
Industrial Fasteners	Reliable fastening solutions for industrial applications.
Pacefit Valve Fittings	Instrumentation valves and fittings under the Pacefit brand.
Forged Tube Fittings	Durable forged fittings for tube and tube-fitting applications.

Precision Turned Components

CAT-01 · Turned components

Custom turned metal components manufactured to client drawings and specifications.

Overview

Manufacturing process	CNC machining, Drilling, Threading

Specifications

Manufactured to customer drawing. Dimensions, tolerances and material grades are confirmed per enquiry.

Brass Components

CAT-02 · Turned components

Customized brass components produced to drawing for industrial applications.

Overview

Manufacturing process	CNC machining
Materials	Brass

Specifications

Manufactured to customer drawing. Dimensions, tolerances and material grades are confirmed per enquiry.

CNC Components

CAT-03 · Machined components

CNC and VMC machined precision components built for consistent, repeatable quality.

Overview

Manufacturing process	CNC machining, VMC machining

Specifications

Manufactured to customer drawing. Dimensions, tolerances and material grades are confirmed per enquiry.

Industrial Fasteners

CAT-04 · Fasteners

Reliable fastening solutions for industrial applications.

Overview

Manufacturing process	Threading
Industries & applications	Industrial Fasteners

Specifications

Manufactured to customer drawing. Dimensions, tolerances and material grades are confirmed per enquiry.

Pacefit Valve Fittings

CAT-05 · Valves & fittings

Instrumentation valves and fittings under the Pacefit brand.

Overview

Industries & applications	Control Valves, Measurement & Controls

Specifications

Manufactured to customer drawing. Dimensions, tolerances and material grades are confirmed per enquiry.

Forged Tube Fittings

CAT-06 · Valves & fittings

Durable forged fittings for tube and tube-fitting applications.

Overview

Industries & applications	Tube & Tube Fittings

Specifications

Manufactured to customer drawing. Dimensions, tolerances and material grades are confirmed per enquiry.
